Material Safety Data Sheet

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product Name: COPRA MEAL/COCOS NUCIFERA

Company Name: ORGANIC PRODUCTS PTY LTD (ABN 87 010 787 336)
Address: 601 Moggill Rd Chapel Hill
Queensland 4069  Australia
Emergency Tel.: 07 3878 8788 (BH)
Telephone/Fax Number: Tel: 07 3878 8788  Fax: 07 3878 8799
Recommended Use: Stockfeed.

2. HAZARDS IDENTIFICATION

Hazard Classification:
NON-HAZARDOUS SUBSTANCE.
NON-DANGEROUS GOODS.
Hazard classification according to the criteria of NOHSC.
Dangerous goods classification according to the Australia Dangerous Goods Code.

3. COMPOSITION/INFORMATION ON INGREDIENTS

4. FIRST AID MEASURES

Inhalation: First aid measures generally not required for inhalation, however for sensitive individuals, if inhaled, remove from contaminated area. If symptoms develop seek medical attention.

Ingestion: First aid measures not required for ingestion, however for sensitive individuals, if symptoms develop seek medical attention.

Skin: First aid measures not required for contact with skin, however for sensitive individuals, wash affected area thoroughly with soap and water. If symptoms develop seek medical attention.

Eye: If contact with the eye(s) occurs, wash with copious amounts of water holding eyelid(s) open. Take care not to rinse contaminated water into the non-affected eye. If symptoms persist seek medical attention.

First Aid Facilities: Normal washroom facilities.
Advice to Doctor: Treat symptomatically.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media: Use appropriate fire extinguisher for surrounding environment.

Hazards from Combustion Products: This product has the potential to spontaneously combust if stored incorrectly.

Hazchem Code: None Allocated

Precautions in connection with Fire: Fire-fighters should wear full protective clothing and self contained breathing apparatus (SCBA) operated in positive pressure mode.

6. ACCIDENTAL RELEASE MEASURES

Emergency Procedures: Increase ventilation and wear sufficient respiratory protection. Sweep up material avoiding dust generation or dampen spilled material with water to avoid airborne dust. If large quantities of this material enter the waterways contact the Environmental Protection Authority, or your local Waste Management Authority.

7. HANDLING AND STORAGE

Precautions for Safe Handling: Avoid generating dust. Have emergency equipment (for fires, spills, leaks, etc.) readily available. Label containers. Wear appropriate protective equipment to prevent inhalation. Ensure a high level of personal hygiene is
maintained when using this product. That is; always wash hands before eating, drinking, smoking or using the toilet.

Store in a cool, dry, well-ventilated area, out of direct sunlight and moisture. Store in labelled containers. Store away from water and other incompatible materials. Have appropriate fire extinguishers available in and near the storage area.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

National Exposure Standards
No exposure standards have been established for this material, however, the TWA National Occupational Health And Safety Commission (NOHSC) exposure standards for dust not otherwise specified is 10 mg/m³.

Biological Limit Values
No biological limit allocated.

Engineering Controls
Use with good general ventilation. If dusts are produced local exhaust ventilation should be used.

Respiratory Protection
Avoid breathing of dusts. If engineering controls are not effective in controlling airborne exposure then respiratory protective equipment should be used suitable for protecting against airborne contaminants. Final choice of appropriate breathing protection is dependant upon actual airborne concentrations and the type of breathing protection required will vary according to individual circumstances. Expert advice may be required to make this decision. Reference should be made to Australian Standards AS/NZS 1715, Selection, Use and maintenance of Respiratory Protective Devices; and AS/NZS 1716, Respiratory Protective Devices.

Eye Protection
Safety glasses with side shields, goggles or full-face shield as appropriate recommended. Final choice of appropriate eye/face protection will vary according to individual circumstances i.e. methods of handling or engineering controls and according to risk assessments undertaken. Eye protection should conform with Australian/New Zealand Standard AS/NZS 1337 - Eye Protectors for Industrial Applications.

Hand Protection
Generally not required. However for sensitive individuals, wear gloves of impervious material. Final choice of appropriate gloves will vary according to individual circumstances i.e. methods of handling or according to risk assessments undertaken. Reference should be made to AS/NZS 2161.1: Occupational protective gloves – Selection, use and maintenance.

Body Protection
Generally not required. However for sensitive individuals, wear appropriate clothing including overalls. It is advisable that a local supplier of personal protective clothing is consulted regarding the choice of material.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance
Fine, brown meal.

Odour
Sweet coconut odour.

Melting Point
Not available.

Boiling Point
Not applicable.

Solubility in Water
This product absorbs water.

Specific Gravity
Not available.

pH Value
Not applicable.

Vapour Pressure
Not applicable.

Vapour Density (Air=1)
Not applicable.

Flash Point
Not applicable.

Auto-Ignition Temperature
Not applicable.

Flammable Limits - Lower
Not applicable.

Flammable Limits - Upper
Not applicable.

10. STABILITY AND REACTIVITY

Chemical Stability
Stable under normal conditions of use.
Material Safety Data Sheet

Infosafe No.  LPVKU  Issue Date: June 2006  ISSUED by ORGANICP

Product Name: COPRA MEAL/COCOS NUCIFERA

11. TOXICOLOGICAL INFORMATION

Inhalation
Inhalation of dusts may irritate the respiratory system.

Ingestion
Ingestion of this product may irritate the gastric tract causing nausea and vomiting.

Skin
Skin contact may cause mechanical irritation resulting in redness and itching.

Eye
Eye contact may cause mechanical irritation. May result in mild abrasion.

Chronic Effects
There are no known chronic health effects associated with this material.

12. ECOLOGICAL INFORMATION

Ecotoxicity
No data available for this product.

Persistence / Degradability
No data available for this product.

Mobility
No data available for this product.

Environ. Protection
Prevent this material entering waterways, drains and sewers.

13. DISPOSAL CONSIDERATIONS

Disposal Considerations
Dispose of waste according to federal, EPA and state regulations.

14. TRANSPORT INFORMATION

Transport Information
Not classified as a Dangerous Good, according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.

U.N. Number
None Allocated

Proper Shipping Name
None Allocated

DG Class
None Allocated

Hazchem Code
None Allocated

Packing Group
None Allocated

15. REGULATORY INFORMATION

Poisons Schedule
Not Scheduled

16. OTHER INFORMATION

Date of preparation or last revision of MSDS
MSDS created: June 2006
